## SPACES FOR THE MIND AND BODY

Your well-being is our priority, and we have created ample space for this so that you can sit back and relax with your family and friends, or even by yourself. Fancy a round of tennis with a colleague or one of our trainers after work? Or perhaps an afternoon spent doing some laps at the swimming pool? Or just plug in your favorite music while burning carbs in the club's fully equipped gym. We have something for everyone's fancy.

## SPACES TO DO BUSINESS IN STYLE

The art of doing business usually transcends the four walls of your office and spills over to other places that define you as an individual. We've taken painstaking care to provide you with all the necessary conveniences that make these boundaries superfluous. The entrance to The City Club is accessible by private elevator from the basement parking or the drop-off areas. Enjoy all the modern facilities we've provided such as WiFi, video conferencing, and a state-of-the-art fiber optic network to ensure that you stay connected at all times, from anywhere in The City Club.

|------------------------------|--------------------------|----------------------|
| Meeting and Conference Rooms | Movie Theater/Auditorium | Large Function Rooms |
| Library                      | Private Dining Rooms     | The Boardroom        |
| Business Center              | Tabacalera Cigar Divan   |                      |
|                              | Banquet Hall             |                      |

## SPACES FOR LEISURE AND ENTERTAINMENT

Living and working right in the heart of the city usually means having to drive for hours just to find an escape from it all. What if you could find such a place without any of the hassle so that you could go there every day, maybe even twice a day? We have gone to great lengths to provide extensive facilities for children so that the entire family can have fun and enjoy a well-deserved "staycation" any time they want. Dining is also most pleasurable with eight different restaurants to choose from. And if that weren't enough, The City Club is also home to an acclaimed international school.
